EVERYONE DESERVES
THIS LEVEL OF CARE.

Under the direction of our medical director, our interdisciplinary team of licensed skilled nurses and therapists are here to help individuals meet any care goals. From those who simply need outpatient rehabilitative care to further their recovery to highly specialized inpatient post-acute care following surgery, they can all rely on one place: Eastcastle Place Health & Rehabilitation Center.

Eastcastle Place Health & Rehabilitation Center is conveniently located on the East Side, just minutes away from some of the city's finest hospitals and physicians, on East Bradford Avenue between North Prospect and North Maryland.
